

Tapestry 20.04.2020

This week I will reading the story Shark in the Park!
While I am reading it to you join in with the parts
that you know!

Can you make a telescope like Timothy Pope? What
can you see through it? Us it to look around your
bedroom, kitchen or garden!

Maybe you could write a story about being at the
park and write about what you can see, don't
forget to draw me a picture!

Maths challenge: When you are in the house see if you can
see any numbers anywhere....I found some on my clock in the
kitchen and the microwave!

Don't forget that you can access bug club to do some reading activities every day, if you
need help logging on just get in touch with school and we can help!
